Decision Power[®]

How It Works

At Health Net, we believe good health is more than the absence of illness. Our Decision Power Healthy Discounts program rewards you for being a member and supports your good health! Log in to www.healthnet.com/medsupp select Benefits Overview and click on Decision Power Support Program to learn more about these discounts and extra benefits and how to access them.

Peace of mind with the Nurse Advice Line

Our free Nurse Advice Line makes it easy to get answers to your health questions. You don't even have to leave home! Staffed by nurses (RNs), our Nurse Advice Line is available 24 hours a day, 7 days a week.

Call us if you have questions about:

- Your health, medicine or a long-time health problem.
- Whether you need to get to a hospital fast or see your doctor.
- How to handle a health issue in the middle of the night.

Call us toll-free at **1-800-893-5597 (TTY: 711)**. Interpreter services are also available 24 hours a day, 7 days a week.

Please note: Decision Power nurses are not for emergency situations. If you have a life-threatening emergency, call 911 or go to the emergency room.

Specialty health care **ACUPUNCTURE**

One of the oldest forms of healing in the world, acupuncture is a therapy that inserts fine, hair-like needles into specific body points called acupuncture points. The National Institutes of Health has endorsed acupuncture for pain syndromes, nausea and other conditions.

Through the ChooseHealthy[®] program, a product of American Specialty Health Administrators, Inc., a subsidiary of American Specialty Health Incorporated (ASH), you can receive a 25% discount on the usual and customary fees from a contracted acupuncturist, chiropractor or massage therapist.

Your health, your time, your choice. Decision Power helps you become an active partner in decision-making about your health and the health of your family. You can access Decision Power from the privacy of your own home or office, and it's completely confidential.

CHIROPRACTIC

Chiropractors specialize in treating various conditions of the nervous, muscular and skeletal systems of the body, primarily using techniques that adjust or manipulate joints and muscles. Some of these conditions include, but are not limited to, lower back pain, neck pain, strains, and sprains, etc.

Through the ChooseHealthy program, you can receive a 25% discount on the usual and customary fees from a contracted chiropractor.

MASSAGE THERAPY

Massage therapy uses touch to treat the body's muscular structures. There are more than 150 variations of massage, bodywork and somatic therapy techniques. If you've never had a massage, use your Decision Power Healthy Discounts discount and try it for yourself.

Through the ChooseHealthy program, you can receive a 25% discount on the usual and customary fees from a contracted massage therapist.

For more information, call **1-877-335-2746**, Monday through Friday from 5:00 a.m. to 8:00 p.m. and Saturday from 12:00 p.m. to 8:00 p.m. Pacific time (PT). Then call the provider you choose and schedule an appointment. At your office visit, show your Health Net ID card and pay the provider.

Please note that ChooseHealthy is not insurance. You should check any insurance benefits you have before using this discount program, as those benefits may result in lower costs to you than using this discount program. The discount program provides for discount specialty health care services from participating practitioners. You are obligated to pay for all health care services but will receive a discount from those health care practitioners who have contracted with the discount program. The discount program does not make payments directly to the participating practitioners in the discount program. The discount program has no liability for providing or guaranteeing service and assumes no liability for the quality of service rendered.

ChooseHealthy is a federally registered trademark of ASH and used with permission herein.

The "usual and customary" charge is preset for each procedure. This charge is determined by the complexity of the treatment and the fee most commonly charged for that procedure in a particular geographic area. This is the "maximum allowable" for any procedure, and the benefit will be calculated based on the provider's submitted fee or the usual and customary amount – whichever is lower.
